

## Jürgen Klopp criticized for poor display at Anfield

*Harley – Thursday 16 March 2017*

Jürgen Klopp has been criticized for his team's poor display against Burnley on Sunday. His side won 2-1 at Anfield on Sunday but the performance wasn't great from his side. Jürgen Klopp said this about the win on Sunday "The performance was good enough to win the game but the result is massive for us, it's the first ugly game we have won". Also Liverpool player Emre Can had this to say after his goal won the game for Liverpool "Usually when we are not that good we lose. I said before the game that Burnley are the most consistent team in style; they play what they play." The reds won by goals from Emre Can and Georginio Wijnaldum after an early Burnley goal put them ahead after 7 minutes.

Wijnaldum equalised with about 30 seconds left of the first half remaining. Emre Can put Liverpool ahead after 61 minutes and completed the comeback and secured the win for his team to put them in a Champions League spot above Arsenal which they beat previously.

Jürgen Klopp will need a better performance if his side are going to succeed against Manchester city on Sunday. This will be a big match for Liverpool because if they win they will go above Manchester city and continue their search for a Champions League place. This is what Manchester city manager Pep Guardiola had to say ahead of this massive game at the Etihad. "Liverpool have the quality of people in front and when you play against Jürgen Klopp's teams you have to match their level." "They have a specific will to attack and you have to control that."
